Abrams Fensterman, LLP was proud to sponsor the AHRMNY Half-Day Conference at Catholic Health on Long Island in recognition of Patient Safety Awareness.

The event brought together healthcare leaders, risk managers, insurers, and defense counsel for meaningful discussions on risk mitigation and the evolving challenges facing healthcare providers.

Our Medical Malpractice Defense team—led by [David Verschell](#), [Jennifer Larkin- Higgins](#), and [Melissa Goldberg](#)—enjoyed connecting with colleagues and sharing insights on protecting providers and reducing exposure in today's complex environment.

We are proud to support initiatives that advance patient safety and strengthen the healthcare community.
